

# LEAVEN CLEANING LIST

## The main leavening agent:

- Yeast

## Common household items, which may contain leavening agents:

- Seasoning mixes
- Baking Powder & Baking Soda by its self is not *seor* (fermented leavening), but it does make *chametz* (a product leavened) when mixed with other ingredients.
- Alcoholic beverages that are still fermenting
- Pet foods

## Common places where leaven may be found around the home:

- In and under the refrigerator/freezer/stove
- In pantries and cabinets
- Toaster/Toaster Oven
- Microwave
- Leavened crumbs left in used oil in Fry Daddy
- Spills/crumbs in cabinets/drawers
- Garbage cans
- Under couches and cushions
- Automobiles
- Anywhere food may have been eaten or taken
- Carpet (under dining room table)
- Empty filter on vacuum cleaner once you're through cleaning
- Camper/RV's

Leaven should be removed before sundown on Nisan 14 (Wednesday, April 8th (4th day)).

It is traditionally removed by noon on this day.
